

PREFILTER KITS FOR UV UNITS

SPECIFICATION

- All Polypropylene with Brass thread inserts
- Option 10" and 20" versions
- Accept standard 65mm or 108mm diameter cartridges.
- Standard pressure rating up to 8 bar
- Wall bracket included
- Bowl spanner included

We are pleased to be able to introduce to our product range these prefilter kits that are ideal for use as prefilter units for domestic UV installations. The units may be supplied just as a housing installation or complete with a choice of filter cartridge to make the kit complete. All housing kits include the filter housing, wall mounting bracket and bowl spanner.
